Carbon Monoxide Safety Tips

WARNING

Carbon Monoxide is a colorless, odorless, poisonous gas, and exposure can be fatal. Your room is equipped with a carbon monoxide detector.

Symptoms of carbon monoxide exposure may include:

Headache	Vomiting
Fatigue	Blurred vision
Weakness	Dizziness
Nausea	Loss of muscle coordination
Shortness of breath	Collapse
Confusion	Loss of consciousness ¹

What to do if a carbon monoxide alarm is sounding or if you experience any symptoms of carbon monoxide exposure:

- Never ignore a carbon monoxide alarm that is sounding.
- Immediately move outside to fresh air.
- Advise the hotel front desk.
- Call 911, emergency services, or the fire department.
- Do a head count to check that all people in your party are accounted for.
- Do not reenter the premises until the emergency services responders have given you permission.²

¹ Source of symptom list: Consumer Product Safety Commission & Mayo Clinic.

² Source of recommended responses to sounding alarm or symptoms: Consumer Product Safety Commission.
